

Homework

In 'Happy Mouseday' Pete wanted a pet mouse. He did a lot of research on mice and decided he wanted a Pink Eyed White mouse.

For your homework, I want you to do some research on your favourite animal or pet. Once you have collected the information on your animal you will do a talk to the rest of the class.

Here are some ideas on what you could tell me about your favourite animal:

- What it looks like
- What it eats and drinks
- Where it sleeps and lives
- Why is it your favourite animal

If you do not have access to the internet or books at home, you can print off some information at school and take it home.

I really look forward to hearing about your favourite animals!

Miss Travis
