

## John Muir Award: four challenges

You are invited to follow in the footsteps of John Muir and his lifelong journey of discovery and exploration to help conserve the special qualities of wild places and to share his experiences with others.

### **Wild places** – from mountain top to wildlife garden

Places that have some natural character, and where you find wildlife; places that give you a sense of wildness.

At the heart of each John Muir Award lie four challenges;

- Discover a wild place
